Well here we go on this again
Going talk and like there's just no end to it
Oh, sorry sappy but I can't see
What's falling down on top of me

What's new did you go and change your mind?
Seems to happen all the time
Are we the double yellow lines?
Stretching out for miles and miles
Here we go again
You're bubbling, bubbling, bubbling with Pilfers

Now I see things for what they are
The undiscovered truth about it
Once you find it you can't hide it
Open up and come my way

What's new did you go and change your mind?
Seems to happen all the time
Are we the double yellow lines?
Stretching out for miles and miles

And it always ends the same
Fucked up in these head games
Complications rise and rise
See yourself see yourself
It always end the same
Fucked up in these head games
On my back you ride and ride
See yourself in your own discise

I have a great appreciation for your beauty
Surpassed only by your personality baby
You make me freaky baby
With my emotions baby
You've got me drifting like debris in the sea

well here we go on this again
Going talk and talk like there's just no end to it
Oh sorry sappy but I can't see
What's falling down on top of me
Talk me up I like that sound

Your twisting how I feel around
Well I went swimming paid the price
Went down three times came up twice
What's new did you go and change your mind?
Seems to happen all the time
Are we the double yellow lines?
Stretching out for miles and miles
Here we go again, here we go again
Here we go again, here we go again
