Look around, around the stage just to say that you
couldn't and
You touch down you hit the ground just the way that
you shouldn't and
Would you see or would you say you came around that
Saturday,
Round the way just to say, just to say that you couldn't

And it's so good to be here in Paris
So good to see you here in
And it's so good to be here in Paris
So good to see you here in

When it all goes down you'll be able to say,
Maybe you'll say you weren't lookin' when
It came down, it hit the ground
Didn't you hear, you weren't listenin'
Could you see, could you say
Really didn't hear what I was tryin' to say
Tryin' to say, tryin' to say, tryin' to say, but I couldn't

And it's so good to be here in Paris
So good to see you here in
And it's so good to be here in Paris
So good to see you here in

We'll make the math work when it's done
Last time we knew but what about
What about the last time
This is the, this is the last time (last time)
What about the last time we tried
Last time we knew, but what about
What about the last time, this is the, this, this is the last
time

And it's so good to be here in Paris
So good to see you here in
And it's so good to be here in Paris
So good to see you here in Paris
