How can i just set a part that's so full?  
How can i just read a part that's so cold?  
You feeling depressed?  
You can fill in the rest  
How bout when they read to you?  
How bout when you sang right along?  
How bout when they read from the zines?  
How bout when you read right along?

Begin transmission  
Of our position  
Recieve transmission  
Of their position  
Were trapped in the drift  
Entirely inside alone  
A microtonic wave  
Forces us futher

How bout when they read to you?  
How bout when you sang right along?  
How bout when they read from the zines?  
How bout when you read right along?

I can see your mouth move, I know you're lying  
Another generation of kids not buying  
You feeling the crush (a microtonic wave)  
To get out of town

Begin transmission  
Of our position  
Recieve transmission  
Of their position  
Were trapped in the drift  
Entirely inside alone

Caught inside the booth  
Hanging up the phone  
Covered in loose change and  
Bits of paper  
Crawled inside the store  
Clinging onto no one

Covered in his shame  
Hang me by my thumbs  
Cauterize my scars in scum

Begin transmission  
Of our position  
Recieve transmission  
Of their position  
Were trapped in the drift (They fall further)  
Entirely inside alone  
A microtonic wave (They fall further down)  
Forces us futher

Take them home.  
Take them home.
