Drinking wine and thinking bliss is on the other side of  
this

I just need a compass and a willing accomplice  
All my doubts that fill my head are skidding up and  
down again  
Up and down and 'round again, down and up and  
'round again

Oh, I've had my chances and I've taken them all  
Just to end up right back here on the floor  
To end up right back here on the floor

Pennies in a well, a million dollars in the fountain of a  
hotel  
Fortune teller that says maybe you will go to hell  
But I'm not scared at all  
The cracks in the crystal, the cracks in the crystal ball

Sometimes you think everything is wrapped inside a  
diamond ring  
Love just needs a witness and a little forgiveness  
And a halo of patience and a less sporadic pace  
And I'm learning to be brave in my beautiful mistakes  
Oh, I've felt that fire and I, I've been burned  
But I wouldn't trade the pain for what I've learned  
I wouldn't trade the pain for what I've learned

Pennies in a well, a million dollars in the fountain of a  
hotel  
Fortune teller that says maybe you will go to hell  
But I'm not scared at all  
Of the cracks in the crystal, the cracks in the crystal ball

Irony, irony, this hate and love, hate and love  
What it does to me? What it's done to me? What is  
done, done?

Pennies in a well, a million dollars in the fountain of a  
hotel  
Broken mirrors and a black cat's cold stare  
Walk under ladders on my way to hell, I'll meet you  
there

But I'm not scared at all, I'm not scared at all  
'Bout the cracks in the crystal, the cracks in the crystal  
ball
