What is this? I heard that you've got a new miss  
Just broke up so you know that I'm pissed  
They say you're faithful  
I don't believe that shh, oh no, oh no

Oh I've tried to act like I don't care  
But it doesn't seem fair you're so good to her  
And I've tried to pretend I don't see  
All those things that you do you couldn't do for me

I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right  
I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right

Now you gotta another girl in your life  
Giving her love all day, all night  
I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right

So I hear, I've met the winch before  
(Yeah, I remember that time we went to Pizza Hut  
You told me she was your cousin)  
I hear you learned to open doors  
(When did you become such a damn gentleman?)

Oh I've tried to act like I don't care  
But it doesn't seem fair you're so good to her  
And I've tried to pretend I don't see  
All those things that you do you couldn't do for me

I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right  
I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right

Now you gotta another girl in your life  
Giving her love all day, all night  
I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right

What does she do to you?

To make you give her everything  
Like you never did for me  
Call it jealousy but it's killing me

'Cause all the time that you were mine  
You didn't treat me right  
No you didn't treat me right, no, no  
Whoa

I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right  
I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right

Now you gotta another girl in your life  
Giving her love all day, all night  
I was in love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right

I was in love wit ya, I, I was in love  
Love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right  
You didn't want to treat me right

All day, all night  
Love wit ya but to hell wit ya  
'Cause you didn't wanna treat me right  
Didn't wanna treat me right
