### "I Can't Help It"

Yeah yeah yeah, yeahhhh la la la la la la

I love you so much I wanna light you on fire  
Show you how hot you are  
I want you so bad, I wanna punch you in your face  
Hit you till you see stars  
I'm a passionate one and you my master piece  
But baby you must be warned  
I'm a passionate one and I will break you to pieces  
Trust me I've done it before

I can't help it (I can't help it)  
I'll put you on your knees  
And I'll walk over you  
Just to show you how I feel  
I'm in love with you

I love you so much I wanna slash your tires  
To keep you from drivin' drunk  
Come over here I want you to taste my poison  
To stop you from eating junk  
I know your the one 'cause you're not afraid  
You're not afraid of me  
Let's give it some time  
See if you get scared 'cause maybe you should be!

A little pain and pleasure never hurt no one  
I promise to try better 'cause your the only one

I can't help it (no, no, no)  
I'll put you on your knees  
I can't help it (yeah, yeah, yeah)  
And I'll walk over you  
Just to show you how I feel  
I'm in love with you

I can't help it (can't help it)  
I'll break you like a whore  
And when I'm done with you  
I'll feel no remorse

I'm in love with you

A little pain and pleasure never hurt no one  
Yeah, yeah, yeah I can't help it no, no, no

I can't help it (no, no, no)  
I'll put you on your knees (I'll put you on your knees)  
I can't help it (yeah, yeah, yeah)  
And I'll walk all over you  
Just to show you how I feel  
I'm in love with you
