Living in my world

So many riffs u have with your girl
But I'm here to hear all your problems and tell you I
understand,
Falling in and out of love with her now. As i watch all I
can see...is you being with me,
I know you feel like a fool, being used, paying dues,
Afraid of your loving is taken advantage of,
You don't have to live a life full of strife, take my hand
and i'll be the leader
You can depend on me

CHORUS

You can be living in my world, sharing my time, being
the one,
stare in the face of love, long enough to see,
You can be living in my world, you'll never shed
another tear,
And i'll never stop the love, I'll give you all of me

With open eyes and ears I can hear, hear your crys
come from the inside,
But baby its alright, you can just let it go, I'm your friend
Sitting here, willing to listen...oh baby see that you
don't have to live,
Like you do, come with me be my king i'll be by your
side,
Just let me know what to do, only one goal in mind,
Take your heart, share with mine, make you believe, so
you can see that

CHORUS

It only takes one look to see,
That she's a fool and you should know,
Come with me, and i will be...all that you need,
Theres no dreams we can't make real,
And theres no feelings we can't feel,
I'm just...wanting you...needing you..don't you know

CHORUS
