Shadows are fallin' all over town  
Another night and these blues got me down  
Oh, misery! I sure could use some company  
Since he's been gone I ain't been the same  
I carry the weight like an old ball and chain  
Guess its all meant to be  
For love to cause me misery

Oh misery! Oh misery!  
Tell me why does my heart make a fool of me  
Seems its my destiny  
For love to cause me misery

And, oh! I've been down this road before  
With a passion that turns into pain  
And each I saw love walk out the door  
I swore never get caught again

But ain't it true? It takes what it takes  
And sometime we get too smart to leave  
One more heartache for me  
Another night of misery

Oh! And oh misery! Oh misery!  
Tell me why does my heart make a fool of me  
Oh misery! Oh misery!  
Tell me why, why, why, why, why, why does this  
heart make a fool of me  
Seems its my destiny  
For love to cause misery, oh  
Misery  
Guess its all meant to be  
For love to cause me misery, oh, no, yeah  
Misery
