You ain't got no kind of feeling inside  
I got something that will sure 'nuff set your stuff on fire  
(i got something i got something)  
You refuse to put anything before your pride  
I got something that will knock all your pride aside so...

Refrain:

Tell me something good  
Tell me that you love me  
Tell me something good  
Tell me that you like it, yeah

Got no time is what you're known to say  
But I'll make you wish there were 48 hours to each day  
Problem is you ain't been loved like you should

What i got will sure 'nuff do you good  
It'll do you good. So...

Tell me something good  
Tell me that you love me  
Tell me something good  
Tell me that you like it, yeah

Tell me something good  
Tell me that you love me  
Tell me something good  
Tell me that you like it, yeah
