"Walk Away"

Visit "[Walk Away](#)" on MotoLyrics.com

I gave you three years of my life
You always said I'd be your wife
Whatever happened to the days
When life was simple?
(So simple)

Everyone knows my name
I haven't changed, I'm the same girl
I was from the start
Everything's rearranged, you came
And changed it and gave me a broken heart

You don't wanna work it out, no
You wanna take the easy route

Throw your hands up and you walk away
When times get hard you always walk away
You get mad and say you're leavin'
Why is it so damn hard for you to talk to me
When it's so easy for you to walk away?

So here I am, driving down the street
Lookin' for a sign, when will I meet
The man of my dreams
When will he come to me?
When will he come to me?

'Cause I'm sick of tryin'
I'm goin' home back to PA where I come from
And you can stay here
And spend your whole life runnin'
But baby I'm gonna move on

You didn't wanna work it out, no
You wanna take the easy route

You throw your hands up and you walked away
When times got hard you always walked away

Well sorry baby but I'm leavin'
It was just too hard for you to talk to me
And now it's my turn I'm gonna do the same

(Ohh)

So there I go, leavin' you alone
What will you do?
Now all your fears came true
You had my heart, you had my soul
You had it all, didn't you?

'Cause I'm sick of tryin',
I'm goin' home back to Philly where I come from
And you can stay here
And spend your whole life runnin'
But baby it's time to move on

Girl you didn't wanna work it out, no
You just wanted the easy route

You threw your hands up and you walked away
When times got hard you always walked away
Well sorry baby but I'm leavin'
It was just too hard for you to talk to me
Now its my turn I'm gonna do the same

I'm throwin' my hands up I'm gonna walk away
When times got hard you always walked away
It was just too hard for you to talk to me
Well sorry baby but I'm leavin'
Now it's my turn I'm gonna do the same

I'm gonna do the same
I'm gonna walk away
So how does it feel baby?
So how does it feel baby?
I'm gonna walk away
I'm gonna, I'm gonna
I'm gonna walk away
