Our Gums are black our teeth are falling out
We've got spots on our backs so give it up and shout
We've got scurvy we need some vitamin c
We've got scurvy we need a lemon tree
We got scurvy we just chillin on the sea
Let's get this scurvy started
A pirate ain't worthy til he's got some scurvy
Since you've got your scurvy on

You're nervy when you sing that song
Scurvy (scurvy)
We got scurvy (scurvy)
We got scurvy (scurvy)
We got scurvy (scurvy)
