"What I Need"

Visit "[What I Need](#)" on MotoLyrics.com

check it out, so though
no more, not this time, not again

you told me everything would get along
but everything is falling apart
now if you understand me dont get me wrong
'cause there's something dark inside my heart

better get it off my back
get it on with the check
temptations and vibrations
keeps me falling
what i need, yeah
that's what i got

now boy we can keep it loud
so please dont turn it out
whispers sweet, get mine
laying over the base-line

whatever it is, im no affraid
to whoever listen to this
i dont fear you
to all your fellas
go back to your girlfriends
bounce it, twist it
better dip that thing!

better get it off my back
get it on with the check
temptations and vibrations
keeps me falling
what i need, yeah
that's what i got

better get it off my back
get it on with the check
temptations and vibrations
keeps me falling
what i need, yeah
that's what i got

i have my satisfaction
so i can live my life,
on the right track

better get it off my back
get it on with the check
temptations and vibrations
keeps me falling
what i need, yeah
that's what i got
