clears throat

I woke up early evening and I knew I was alone
Did the sun come up or did it rain again, I'll never know
I felt the acid in my stomach rise above my throat as I
dialled

There was a message from my mother
From about 7a.m. said I've forgotten what you sound
like
And I'm wonderin' how you've been
I cried myself to asleep back on the floor
Unconscious in denial

CHORUS:

Life is just a little part of what the world will do
To get it's point across it beats you 'til you're black &
blue
And decides just when you're in or when you're out
'Cause when you're through you're through

There's a caf x™ just 'round the corner from the home I
call a house
I sit and play sudoku 'til I figure some sh1t out
I drink the day's first coffee and I smoke the last
cigarette of my life

And I'm wondering out of all the crazy places that I've
been
Would it ever be as good as sittin' here just with a
friend?
Where it's always understood it might be time, to
switch the coffee to wine

CHORUS:

Life is just a little part of what the world will do
To get it's point across it beats you 'til you're black &
blue
And decides just when you're in or when you're out
'Cause when you're through you're through

Yeah, Yeah.
Whoaaaah, Ohhhh.
Whoaaaaahhhhhh

Ohhhh, Ohhh, Ohhh.
Oh.

Janis sings to me just like she's sitting by my side
And I wonder just how many times she sat like me and
cried
I've made it past the age of twenty-seven so there's no
use in dyin'

And my friends have asked the question:
"Baby, will you be okay?"
I wanna tell them yes 'cause I know that's what I should
say
But I've got no crystal ball and I can't bring myself to lie
and why should I?

Hey, yeahhhh - I think thatâ€¦..
Life is just a little part of what the world will do
It's brings us to the brink and beats the sh1t right outta
you
And decides just when you're in or when you're out
'Cause when you're through you're through

Yeah, Yeah, Yeah
Life is just a little part of what the world will do
It's brings us to the brink and beats the sh1t right outta
you
And decides just when you're in or when you're out
When you're through you're through

Ayyye, Oh.
I guess I'm through
Mmmmm
When you're through, you're through.
