I never knew when we first met that you would hurt me  
I never knew all those times that I was letting you  
trample me  
I always thought you'd be there til the end,  
Now you've done something that you can't mend.  
You always lied, I ignored it,  
You made me cry, I forgot it.  
I did tricks to please you, turned head over heels to fit  
your schedule.  
You said that you'd be there til the end,  
Now you've done something that you can't mend.  
(Chorus)  
Why did my best friend hurt me so bad?  
How did our friendship sail into the storm?  
Oh, all those years, you made me so sad.  
I tried and failed, to steer us home.

I often saw your lies in action  
You thought I was stupid, and didn't see the  
contraption.  
You always said, you'd be there til the end  
Now you've done something you can't mend.  
All these years, you lied to get your way,  
I yelled, "Go home," but you got to stay.  
Now this time, you won't get your way,  
My best friend, you will not stay.  
You said you'd be there til the end,  
Now you've done something that you can't mend.  
(Chorus)

Ever since day one, I was walking into a trap,  
Ever since you came, I was playing your game.  
We made plans, you ignored them,  
Oh, how did I never see your trap?  
(See your trap, )

How did my best friend make me so sad?  
Why did you steer us into the storm?  
Oh, I've often been so mad.  
Now you've shown me one last act.  
I've jumped ship,  
I've jumped ship,

I've jumped ship.
