Yesterday's gone, and tomorrow'll be long,
The friends I once knew are long gone.
They all must think that their childhood was a waste,
'Cuz all they do is make haste.

Yesterday's gone, and tomorrow'll be long,
No one seems to be around, they are all long gone.
The people who walk around have a hidden face an
shadowy eyes,
Strangers all they time.

Yesterday's gone and tomorrow'll be long,
Nobody knows how to stop and breathe.
But I can find my way around this world,
'Cuz,

Yesterday's gone, but tomorrow'll I'll be strong.
I'm gonna show these people what they think is wrong.
Haste makes waste, they need to appreciate what's in a
short day.
Yesterday's gone...
