Put me on the table
Make me say your name
If I can't remember
Then give me all your pain

I can sit and listen
Or I can make you scream
Kiss it and make it better
Just put your trust in me

Oh my God
Go a little slower
Oh my God
What was that again?

Let me feel you baby
Let me in
'Cause I understand
Let me feel you baby
'Cause I understand

I understand all, now I climb my sugar walls
Problem solved it's dissolved
With the solvent known as spit
Lickity lick not so quick
It's a slick ride make my mink slide
'Cause were all pink inside

This can be really easy
It doesn't have to be hard
Here baby let me show you
I'll have ya, climbing up the walls

You've got all the problems
I think that I can solve
Why don't you come in here baby?
Why don't we sit and talk?

Oh my God
Let me feel you baby
'Cause I understand
Oh my God

Go a little slower
Oh my God
What was that again?

Let me feel you baby
Let me in
'Cause I understand
Oh my God
Go a little slower
Oh my God
What was that again?

Let me feel you baby
Let me in
'Cause I understand
Oh my God
Let me feel you baby
'Cause I understand

You like the top and the bottom
You make a drop and then caught 'em
And when you rock then you've got 'em
Oh my God 'em, oh my, God 'em

Let me feel you baby
'Cause I understand

You like the top and the bottom
You make a drop and then caught 'em
And when you rock then you've got 'em
Oh my God 'em, oh my, God 'em

Let me feel you baby
'Cause I understand

I understand now let me show you
Where to put that hand
My love ready engine says
"I think I can, I think I can"

I got you coochi coo
How about you?
I got you coochi coo too

Oh my God 'em
Oh my God 'em
Oh my God 'em

...

I can't stop
