A cloud of eiderdown  
Draws around me  
Softening the sound  
Sleepy time  
When I lie  
With my love by my side  
And she's breathing low  
And the candle dies

When night comes down  
You lock the door  
The book falls to the floor  
The darkness falls  
The waves roll by  
The seasons change  
The wind is blow

Now wakes the owl  
Now sleeps the swan

Behold a dream  
The dream is gone  
Green fields of cold rain  
Is falling in a golden dawn

And deep beneath the ground  
The early morning sounds  
And I go down  
Sleepy time when I lie  
With my love by my side  
And she's breathing low

And I rise, like a bird  
In the haze  
When the first rays touch the sky  
And the night wings die
