Her love rains down on me easy as the breeze
I listen to her breathing it sounds like the waves on the
sea

I was thinking all about her, burning with rage and
desire

We were spinning into darkness; the earth was on fire

She could take it back, she might take it back someday

So I spy on her, I lie to her, I make promises I cannot
keep

Then I hear her laughter rising, rising from the deep
And I make her prove her love for me, I take all that I
can take

And I push her to the limit to see if she will break
She might take it back, she could take it back some day

Now I have seen the warnings, screaming from all
sides

It's easy to ignore them and G-d knows I've tried
All this temptation, it turned my faith to lies
Until I couldn't see the danger or hear the rising tide

She can take it back, she will take it back some day
She can take it back, she will take it back some day
She can take it back, she will take it back some day
