What seems to be the trouble  
are we feeling out of sorts  
do you think they're gone forever  
can you show me where it hurts  
I think I know what's wrong  
A lot people get this way  
Take 2 of these four times a day.  
I'll drop in when I pass this way again  
There is no pain, you are receding  
A distant ship smoke on the horizon  
You are only coming through in waves  
Your lips move but I can't hear what you're saying  
When I was a child I had a fever  
My hands felt just like two balloons  
Now I've got that feeling once again  
I can't explain, you would not understand  
This is not how I am  
I have become comfortably numb  
You have to pull yourself together.  
You have to take it like a man  
You mustn't let it get your head down  
You should go out and do the town  
There's no good moping here alone  
Feeling sorry for yourself  
Go and see what you can find  
It's Saturday night and you should unwind.
