Following the path as it leads towards the Darkness in  
the North

Weary strangers' faces show their sympathy  
They've seen that hope before  
And if you want to stay for a little bit  
Rest your aching limbs for a little bit  
Before you the night is beckoning  
And you know you can't delay  
You hear the night birds calling you  
But you can't touch the restless sky  
Close your aching eyes beyond your name

Mist is swelling, creatures crawling,  
Hear the roar get louder in your ears  
You know the folly was your own  
But the force behind can't conquer all your fears  
And if you want to stay for a little bit  
Rest your aching limbs for a little bit  
Before you the night is beckoning  
And you know you can't delay  
You hear the night birds calling you  
But you can't touch the restless sky  
Close your aching eyes beyond your name

Throw your thoughts back many years  
To the time when there was life in every morning  
Perhaps a day will come  
When the nights will be as on that morning  
And if you want to stay for a little bit  
Rest your aching limbs for a little bit  
Before you the night is beckoning  
And you know you can't delay

You hear the night birds calling you  
But you can't touch the restless sky  
Close your aching eyes beyond your name

In P. Floyd, "Ummagumma", "Set the Controls ..." there are also some mistakes and some parts where I believe the words to be different than what is shown. I am going mostly by the version on "Pink Floyd Live at Pompeii" in which the words are much clearer than the album version(albeit still a touch muddled in a place or two).
