I tried to hold it back, and keep this to myself.
Instead I'd tell you things I said but never felt.
But now you bring him down, and you go on with your
life.
I realize that I was right, 'cause you go down on all the
guys.

You said, "I'm feeling sick, so I'll just stay home
tonight."
He said, "Well that's okay, babe. I hope you'll be
alright,"
But he knows what's going on. Yeah, you really get
around.
He doesn't have the guts to say what he found out...

When you left him waiting by the stairs,
He should have known you'd be gone.
Yeah, he knows the reason you weren't there,
But you're all he's got, and it's just too hard to move
on.

The time is adding up, and he wonders what it's for.
This place is not the same as it was a year before,
And now he's had enough of the shit you put him
through.
He's known for way too long about the things you do...

'Cause you left him waiting by the stairs.
He should have known you'd be gone.
Yeah, he knows the reason you weren't there.
You're all he's got, but now it's time to move on.

Bet you never knew he'd do this to you.
I bet you never knew he'd say he was through.
(Bet you never knew!) He'd do this to you.
(Bet you never knew!) He'd say he was through.

But now there's no one waiting by the stairs.
You should have known he'd be gone.
Yeah, you know the reason he's not there.
He's all you've got, and it's just too bad so move on!
