The other night, I was invited  
To a party. Don't know why  
'Cause I'm not friends with anybody there.  
This celebration has no meaning.  
I don't see why they would need me,  
Wasting time when I don't even care.

When I decided maybe I should go,  
This girl outside demanded me to take her home.  
She talked the whole way there.  
She kissed me when we got to the stairs.

Tomorrow night, we're gonna see  
This local band at the FPT.  
They sound much better than most people say.  
And when they play our favorite song,  
We know it won't last very long  
Before the crowd will force them off the stage.

As long as you're with me, it doesn't matter where we  
go.  
As long as you're with me, it doesn't matter where we  
go.

When I decided maybe I should go,  
This girl outside demanded me to take her home.  
She talked the whole way there.  
She kissed me when we got to the stairs.
