V1

Such is the human way,  
We are destined to destroy, but I won't sit here waiting.  
Now that I feel this way,  
I can't stand to see us fall, I can't sit here waiting.

C

I won't go  
I won't fade into silence willingly.  
I won't go  
I can't die and be nothing willingly.

V2

Now that i've seen the end,  
There is no time for wasting time, I won't sit here  
waiting.  
Now that the past is left behind,  
The future is so clear to me, I'll just sit here waiting.
