V1

I know its hard to imagine, but i'm sorry coz I know its
true
We only ever see red, then the colour that you see is
blue.
I hate you as much as they love, Thats why we gotta
stop making mistakes
Keep on hating to this day, this hate just must be fake.

C

Can't keep hanging around, we gotta stop digging the
dirt,
Don't keep cramping our styles, we gotta stop digging
the dirt.

V2

I know you treat us badly, so why do we keep crawling
back,
I cannot find the attraction and I hate yo when you hit
back.
Who's style is being cramped, we keep getting
knocked down a rung,
We keep on hating to this day, this game is sure not
fun.

Middle

Gotta gotta gotta gotta gotta gotta gotta stop digging,
Gotta gotta gotta gotta gotta gotta gotta stop losing,
Gotta gotta gotta gotta gotta gotta gotta.....
