They think they know what's best for you
But have they walked a mile in your boots
This scene is me this scene is you
We're the wheels that make it turn

Went down to Kenmore the other day
Where us punks used to hang
The Rats boarded up, it's been bought out
There's not a whisper where we used to shout

We're all in this
Together

We may never get anywhere
Yeah someday I don't wanna care
But once your eyes are open they can't be shut
At least we're tryin' that's goof enough

I haven't lost my edge
I haven't lost my faith
We still need to overthrow this state
I still hate the rich
I still hate the cops
I still hate the clubs that rip us off
