For a wage of copper they'll make you rich in gold  
And that's what you got if you got control  
But if you got nothin' you ain't got no hope  
'Cause everybody knows where the money goes

A mans gotta work if he wants to live  
But is a life of labor for the highest bid  
A life worth livin' oh tell me if it is  
Cause I wanna know when to cash in

They don't know your fury, can't hear you shout  
No matter how loud you holler, they'll drown you out  
No fist of ours has any clout  
If a fist of theirs can knock you out
