V1

Who do you think is lurking round every corner,
[A family man or a psycho killer?]
Who do you think is screwing with his neighbour's
daughter,
[A family man or a psycho killer?]
Who do you think is sending his own kids through
prison,
[A family man or a psycho killer?]
Watching everyone, to help him make a decision,
[A family man is like a psycho killer]

C

[Guess which guy], ain't coming out tonight?
[Guess which guy], ain't gonna sleep at night?
[Guess which guy], ain't gonna feel alright?
Coz his life just ain't so great.

V2

Who do you think is stalking his own little sister,
[A family man or a psycho killer?]
Who do you think shot and only just missed her,
[A family man or a psycho killer?]
Who do you think scored smack on his latest mission,
[A family man or a psycho killer?]
Watching everyone, to help him make a decision,
[A family man or a psycho killer?]
