Today I sold my brother
Into hell, forevermore
Choice there was no other
Iâ€™m sad to say, itâ€™s not the last time
I look into your body
Fill you up with enemies
Itâ€™s wave, oh, for the next life
I donâ€™t know if I alone want you

She says what about my story time
Afraid, a little side of it is under spy
Some will eventually go out and die
I think he really wants to die
I donâ€™t really want to die
I think he really swallowed

Raise it up to the lord,
If I die tomorrow, try to pull on me
Come to me with nothing
Watch you bleed, forevermore

Soon he runs into his time, holding on
Choices on my own tongue
Iâ€™m strong enough, such I can deem, of
There is so long here
Itâ€™s not enough for the last time

I look into your body,

Fill you up with enemies,
Itâ€™s wave, oh, for the next life
I donâ€™t know if I alone want you

Yeah

Sick for ya
So, sick for ya
Sick for ya
So, sick for ya

Saket has some better things to hug you by the time
I went for the study of the evil souls and I wish that they

replied
Well, I sat down on your stone and I talked with you for
a while
And did you think that it was worth it

It's burnin' on its' head
And I won't believe this even happened here
I won't rest until you bloody
Sanest, darn this, I can't get you out of sight

It's you're fucking fault
Sick for ya, sign of amaze
Sick for ya, you'll be numbing for days
For the way, these motherfuckers never fail

Sick for ya
So, sick for ya
