"4.2 Destroy"

Visit "[4.2 Destroy](#)" on MotoLyrics.com

Four !
Four to destroy,
By revenge and anger we're pushed up !
Four !
Four to wake you up
Four to destroy, four but just one !

Four ! Fingers of a fist
Two ! What we've gotta do :
Destroy ! Does it annoy
You ? Fuck you !

Four !
Demons to crush you
The cells of your brain we're reading through
Four !
Four to warm you up
Four to hold you down the wicked underground !

Four ! Fingers of a fist
Two ! What we've gotta do :
Destroy ! Does it annoy
You ? Fuck you !
Four ! Demons
Two ! Crush you
Destroy ! (destroy)
You ? (you)

Four to bring you down...
Four to hold you down...
Let us take you down...
The wicked underground...
