Another day, just like you' ve prayed for...  
Another chance, you' re taking  
A brand new sight to realize...  
Open your eyes on this other day

People you know betray you so  
You'll surely have to go  
Away from them, far away from here  
Leaving your oldest fears  
But you just wanted to move alone  
This couldn' t be just another day !

Will you deny the way you feel  
Time has now come for you to live  
You' ve ever thought you were a bad seed  
But here comes another day  
So many years, so many tears  
No more water will flow  
On the face they know, the face you' ve shown  
This life you want to change  
You want to be somebody else  
This couldn' t be just another day !

Will you deny the way you feel  
Time has now come for you to live  
You' ve ever thought you were a bad seed  
But here comes another day

Another day, just like you' ve prayed for...  
Another chance you' re taking  
A brand new sight to realize...  
And the same old things you're telling  
Again and again and again and again !  
Another deal, another step  
Further from yesterday  
So much to give, nothing to take  
But nothing more to waste  
Breathing the air that seems to change  
Feeling like you' re a new man  
Another start, another...

Will you deny the way you feel  
Time has now come for you to live  
You' ve ever thought you were a bad seed  
But here comes another day
