She used to do things I thought were rude
But I never said anything to her face
Coz my friends thought she'd kick my arse all over the
place.

Used to think she was kinda cool (kind of cool)
Saw her walking all around the school (around the
school)

All the older boys would stop, turn their heads
All the older girls wished that she was dead

Judy what u gonna do
When you're older
And no one wants to know you?
I will look out for you
If you will look out for me
I know I'm not as hard as you
But I think I can see right through you

Me and judy we're the best of pals (best of pals)
Took me dancing til the early hours (the early hours)
And she showed me things I'd never seen
Mum always asked me where I'd been
When I'm with

Judy what you gonna do
When you're older
And no one wants to know you?
I will look out for you
If you will look out for me
I know I'm not as hard as you
But I think I can see right through you

When you go home at night
Are you still looking for a fight?
You know your mum is not that mean
But still you want to rip out her spleen

judy what you gonna do
When you're older
And no one wants to know you?
I will look out for you

If you will look out for me
I know I'm not as hard as you
But I think I can see right through you

What's in your hand?
