Take us, Take us to your planet  
We've got enough we can't stand it  
Give us a sound and we'll can it,  
Can it can it can it  
We've taken all we can manage  
Just say the word and we'll ban it  
Make us a deal and we'll land it and we'll brand it

We are the Pipettes  
And we've got no regrets  
If you haven't noticed yet  
We're the prettiest girls you've ever met  
We are the Pipettes  
We will drop you in our nets  
When you're crying in your bed  
You'll hope we haven't finished with you yet

Take us  
Take us to your planet  
Give us a mind and we'll scan it  
Sell us a ship and we'll man it  
Cos we mean it

Throw us a love we've been handed  
Lend us a film are we candid?  
Give us the wheel  
Make us a meal  
Do you know how I feel?

We are the Pipettes  
And we've got no regrets  
If you haven't noticed yet  
We're the prettiest girls you've ever met  
We are the Pipettes  
We will drop you in our nets  
When you're crying in your beds  
You'll hope we haven't finished with you

We are the Pipettes  
And we've got no regrets  
If you haven't noticed yet

We're the prettiest girls you've ever met  
We are the Pipettes  
We will drop you in our nets  
When you're crying in your beds  
You'll hope we haven't finished with you yeah  
We haven't finished with you yeah  
We haven't finished with you yeah  
We haven't finished with you yet
