Ask why, then try
To find the meaning behind the eye
Then look for truth
And try to find the meaning behind the youth
Ask why, then try
To do it on your own and not comply
I'll see it through
But now I stand alone and I'm wondering who

Litigation
OF OUR NATION
Is leading us to our starvation

Their words, their lies
Living on the edge of capital ties
Who lost, who won
Now try to be free living under the gun
I know a better way
It's gonna take us all to save the day
We'll fight, yeah right
But if we're gonna win we're gonna have to unite

Litigation
OF OUR NATION
Is leading us to our starvation

One hundred thousand million people
Pushed out of existence
We've got to take a stand against those who tried to
fist us
We've got to take it back
We've got to stand together
We've got to take it back
We've got to stand together

Their words, their lies
Living on the edge of capital ties
Who lost, who won
Now try to be free living under the gun
