"Knowledge The Weapon"

Knowledge is the weapon.
To save this world from.
The bright days are turning.
So we must be learning.
To save this world from.
From Pain, demonstrate, illuminate.

Darkest day, on our darkest day.
We save ourselves on our darkest day.
Turn away, standing unafraid.
We save ourselves on our darkest day.
Our mind holds the freedom.
To save this world from.

Hatred receding, the tears and the bleeding.
Save this world from.
From Pain, demonstrate, illuminate.

Darkest day, from our darkest day.
We save ourselves from the darkest day.
Turn away, standing unafraid.
We save ourselves from our darkest day.

We come unleashed, we come unleashed from
ourselves.
To tear out the pain.
Unleash ourselves to free from the pain from
ourselves.
We come unleashed from ourselves.
To Fight against the pain.

We return from the darkness return from the pain.
Claim back our minds and break free from the game.
Knowledge the weapon.
To save this world from.
