Why lives are cast in the waves of days  
Numbness feeling redemption - wakes the pain  
King factory setting rates of fate  
Unattended infections  
Wise up, time to testify  
Wise up, time to mystify  
Wise up, time for us to try  
Reversing alienation  
I'M DROWNING, into abstraction  
I'M DROWNING, down to where we wanna be  
I'M DROWNING, into abstraction  
I'M FLAILING OUT  
We're gonna rise up 'til we suffer, going to rise up to  
our knees  
They're gonna let us rise up 'til we suffer, going to rise  
up to our knees  
They're gonna let us rise up 'til we suffer, going to rise  
up to our knees  
They're gonna let us rise up 'til we suffer, going to rise  
up to our knees  
But I'm gonna stand  
White towers of bits - stacked into the flames  
Lies for turning dissention builds the day  
Wiped mind of the modern age  
Cries for something to mention  
Wise up, to the trampled mind  
Wise up, time to realign  
Wise up, to the chalking line  
Mark the death of aggression  
I'M DROWNING, into abstraction  
I'M DROWNING, down to where we wanna be  
I'M DROWNING, into abstraction  
I'M FLAILING OUT  
We're gonna rise up 'til we suffer, going to rise up to  
our knees  
They're gonna let us rise up 'til we suffer, going to rise  
up to our knees  
They're gonna let us rise up 'til we suffer, going to rise  
up to our knees  
They're gonna let us rise up 'til we suffer, going to rise  
up to our knees  
But I'm gonna stand

It's doesn't have to be this way  
Break the bottled dissention  
Wage the war-tearing normalcy  
Explosion causing attention  
Tear down the factory  
Tear down the factory  
Tear down the factory  
Give back our broken
