FIST-FIGHT-STAND-UNITE
FIST-FIGHT-STAND-UNITE

I can't take this everyday
We're just the laughing stock of the CIA
The POW, MIA
Another lasting example of our life today

Tonight
We'll be there tonight
We're gonna fight until we die

Die, die, die like they want us all
Our back will be the floor for their black tie ball
And did you see the shopping mall
Well did they see the H-bomb fall
Why's this getting out of hand
Now what makes you such a better man

Tonight
We'll be there tonight
We're gonna fight until we die

Tonight
We'll be there tonight
We're gonna fight until we die
