I can last a lifetime
or be done with in a day
I can be picked up
I can be thrown away
Hope that I can bounce back
after each and every fall
I'm supposed to bounce back
I am a rubber ball
Hope that I can bounce back
after each and every fall
but it's easier to fall
I'm supposed to bounce back
I can't hit you hard enough
to make you feel you're not alone
I can't touch you soft enough
to make you feel you're flesh and bone
But I'll keep on trying
even though I'm not getting through
I'll keep trying
trying to get to you
