Do you see
What your lies have done to me
Do you feel
All the pain I'm suffering still
I don't care
Many times you have returned

Believe me
Survival to live this out
My faith
I'm keeping deep inside
Don't need
Your hate and all your deception
Stay away
Your memories gone forever
Live without

Loneliness sets in quickly
All you were was a part of my life
Apparently you insisted
Exhausted, out of sight out of mind

I don't need
Your hate and all your deception
Stay away

Your memories gone forever
Do you see
What your lies have done to me
Do you feel
All the pain I'm suffering still
I don't care
Many times you have returned
Believe me
Survival to live this out
My faith
I'm keeping deep inside
Broken trust

Our unity has ended
Only thing is to say good-bye

Making it so easy
Save your love
Bury pride

Loneliness sets in quickly
All you were was just a part of my life
Apparently you insisted
Exhausted, out of sight out of mind
