featuring Machel Montano

[Pitbull]

Mr. 305

This is worldwide

[Chorus]

[Machel Montano]

It's alright

You walked up on back of me and it's so tight

No space to move up in here but the vibes nice

We don't really care what nobody say

We come to ride my jeep

We come to break away

[Pitbull]

It's alright

I've been watching you baby all night

The way you move your body is so right

And I just want to say

Hey, hey, baby what's your name?

Hey, hey, baby what's your name?

It's alright, it's OK

We gon' party all night and drink all day

It's alright, it's OK

We gon' party all night and drink all day

[Verse 1]

Pity marshal came to take over the world

If you don't believe me just watch us

God bless Haiti

And just like Haitians,

it takes more than earthquakes to stop us

What don't kill you make you stronger

And there's nothing that can feed this hunger

We gon keep coming with the heat

Skippity do wop and flip the beat

Pit got this, watch this

You shine my necklace

Stop this, I already told you not this

Hey Miss, you me, me you
You and I tonight, alright?

[Chorus]

[Machel Montano]

It's alright

You walked up on back of me and it's so tight
No space to move up in here but the vibes nice
We don't really care what nobody say
We come to ride my jeep
We come to break away

[Pitbull]

I've been watching you baby all night
The way you move your body is so right
And I just want to say

[Machel Montano]]

Shake up your body now it's alright
Wind up your body cause it's ok
Jump up and down and do what you like
Work up yourself and go crazy
Drink what we want and do it all night
Party don't stop till the break of day
Pump up the music
Turn up the lights
Swing it, don't stop till we say
Girl get fine and wind up your bomba
Boy, windup like you don't care
Back in time, now pull up the bomba
Love all the man, them balling

[Chorus]

[Machel Montano]

It's alright

You walked up on back of me and it's so tight
No space to move up in here but the vibes nice
