I make the girls go
I make the girls go I've been around the world and back
Seen a little bit of everything
Heard a lot, learned a lot
On how to hit the spot, ding, ding, ding And if the price
is right, I mean the night is right
I mean the time is right, she'll do her thing
And I know the price, night and time is right
So dimelo, mami, don't play no games Dale, mama,
talk to me straight
Please, please no chase
Now this isn't a debate
And I ain't gonna chase ya Mami, you the internet
And I'm looking for a download
And if you don't know, now you know
Yeah, I make them come and go I make the girls go
I make the girls go
I make the girls go I make them come, make them
come
Make them go oh oh
I make them come, make them come
I make the girls go I make them come, make them
come
Make them go oh oh
I make them come, make them come
I make the girls go Now you heard about me
And I ain't gotta say much
I ain't talking about cars
It's automatic, I'll pop your clutch You gon' do things,
baby
You've never done before
And you gon' say things, baby
You've never said before You will think us, baby
You never thought you'd think
This is eyes wide shut, times change
So baby, don't blink Mami, you the internet
And I'm looking for a download
And if you don't know, now you know
Yeah, I make them come and go I make the girls go
I make the girls go
I make the girls go I make them come, make them
come

Make them go oh oh
I make them come, make them come
I make the girls go I make them come, make them
come
Make them go oh oh
I make them come, make them come
I make the girls go That's right, that's right
That's right, that's right
That's right, that's right
Say we be like La, la la, la, la la, la la, la la, la, la
La, la la, la, la la, la la, la la, la, la
La, la la, la, la la, la la, la la, la, la
La, la la, la, la la I make the girls go I make them come,
make them come
Make them go oh oh
I make them come, make them come
I make the girls go I make them come, make them
come
Make them go oh oh
I make them come, make them come
I make the girls go I make them come, make them
come
Make them go oh oh
I make them come, make them come
I make the girls go I make them come, make them
come
Make them go oh oh
I make them come, make them come
I make the girls go, girls go
