Toomp!  
Que hola!  
Esto para la gente que rapiando ? y no sabe lo que  
están hablando  
They dont call me Mr. 3-0-5 for nothing.  
I earned that shit!  
Dale!!  
Whoooo ow!

*[Hook:]*

I dont mess with the smack  
I dont mess with the blow  
I dont mess with the crack  
Not me, no mo'  
Wanna ? holla at a latin broad (Come see me!)  
And if you try'na get that money, buddy (Come see  
me!)

*[Verse 1:]*

Ya'll can play, thugs and gangstas while I  
get this money with these lords and bankers  
I was, watching Scarface dreaming of becoming Tony,  
Schemin, Triple beamin, double teamin bitches with my  
homies  
I got no blame(?) its just some bitches understand my  
story  
And anger problems, my brother usually wont hear  
before me  
Rap had me, wanting to be a dope boy  
Now I rap, I stay away from that dope, boy  
It's destiny, I was breast fed that coke boy  
and when you seem them chicos better call them folks  
boy  
I'm putting ya'll on the game  
I'm hearing raps about coke and crack (crack?)  
to be honest they all sound the same  
Pit is off the chain (chain?)

Yea, That's set in stone (stone?)  
So leave him alone (lone?)  
Boy, leave him alone  
Pit's reporting live (live!)

from D-A-D-E  
Gotta problem buddy?  
Come see me!

*[Hook x2]*

*[Verse 2:]*

Fuck whos the baddest a person's status depends on  
salary  
This for them Cuban's losing life over Fidel's mentality  
Treat a hater like golf and put a hole in one  
I dont carry guns but my dawg's holdin' one  
Ya'll boys flip bricks, These boys flip tons  
One time Fat Joe, Rest In Peace Big Pun  
This how I do it do it  
Spit English and Spanish fluent  
Then if you dont know I suggest  
You pay close attention to it  
Pit's here now  
This how it's going down  
Kilos and pounds  
Goin town to town  
Fortunately thats not my life no mo'  
If its gotta do with dope  
For me its a no go  
Pit's one of a kind  
Pit's ahead of his time  
I'm nowhere near my prime  
I'm always on the grind  
I'm reporting live  
From D-A-D-E  
Gotta problem buddy?  
Come see me!

*[Hook x2]*

Come see me! *[x4]*
