Vane...Let's go. Let's welcome everybody to planet pit
and show em' what worldwide music is.
Why you think they call me mr world wide?...Let's show
em' why they call me mr worldwide.
Why you think they call me mr world wide?...Let's show
em' why they call me mr worldwide.
Hold up...Coz bi*** i'm worldwide.
I'm involved with the music business but the funny
thing is half these fools don't know music,
don't know business, have no business in music...What
is this?
I learnt from the best, stay away from the worst. Send
off every person in a herse. Now everyday's fifteen and
first.
No more food stamps...Church. These boys can't get
past third base, what a bunch of M.C's searching.
I couldn't care less and i don't give a fat babies ass if
their cars got curtains.They rap for the block,
I speak to the globe, I got them models who hala to
them hoes, You better do your homework papito,
I took the 305 world wide...
I took the 305 world wide...
Why you think they call me mr world wide?...Let's show
em' why they call me mr worldwide.
Why you think they call me mr world wide?...Let's show
em' why they call me mr worldwide.
Hold up...Coz bi*** i'm worldwide.
