That little momma is known around the world  
Shake that ass if u a nasty girl  
Back that ass up says juvenile  
Show a niggga some tities like girls gone wild  
Tear off this clip of clothes, i wanna see u in the nude  
You can keep on your high heel shoes  
So follow me down to yellow brick road  
Where niggas go to see naked hoes  
Shake that shit bitch  
And be off in the club with a hard ass dick  
Then drop like this bitch  
If you wanna make the money shawty work that shit  
Put a hump in your back  
And lick it raw  
To a 3 point stance  
But u mess up yo ass  
You must be on that kanye work out plan  
Like head shoulder knees hoes
