Victim (culture).

Targets (counter culture).

I've tried, I failed, can't make your leap of faith, it's all
been revealed.

So don't lie to me because I can do it better.
Don't tell me everything is going to be 'ok'.

Because it's blood, and it's sweat, saliva.

Sucker (punch).
Bastards (last front).

So don't lie to me because I can do it better.
Don't tell me everything is going to be 'ok'.

Because it's blood, and it's sweat, saliva.

(don't lie to me because I can do it better.)
Don't tell me everything is going to be 'ok'.

Because it's blood, and it's sweat, saliva.
