V1:

I'd appreciate it very much if you'd just . . . shut the fuck up.

And I'd appreciate it very much if you'd just . . . go the fuck away.

And I'd appreciate it very much if you'd just . . . back the fuck up.

And I'd appreciate it very much if you'd just . . . DROP DEAD.

BRIDGE:

Then shut the fuck up.

"Keep it clean" I said. [x2]

Just take it all away.

Anything, just "keep it clean".

I'd appreciate it very much if you'd just . . . get the fuck off.

V2:

And I'd appreciate it very much if you'd just . . . leave the fuck alone.

And I'd appreciate it very much if you'd just . . . get the fuck away.

And I'd appreciate it very much if you'd just . . . DROP DEAD.

BRIDGE:

Just take it all away.

Then shut the fuck up.

"Keep it clean" I said. [x2]

Anything, just "keep it clean" .

CHRS:

You "keep it clean" - you do alright.

You "keep it clean" - you do OK.

You play the smile you make the day.

You tow the line there's no fight.

V3:
