I like when girls kiss girls
I like when girls kiss girls
I like when girls kiss girls
I like when girls kiss girls

Ya'll know what hot to me
When she tongue tied can't talk to me
Not with a man not with the band
With the best girlfriend and the shit ain't planned
So unscripted, unpredicted who would of thought
Who would of thought they'd both be with it
They lifted to much liquid why not risk it
Shit get addicted
You could say you was drunk, bunk
Out that score when the baseline thump
Let that go, feel my flow
When shit jump off it's real I know
Everyone's watchin we out in public
I think it's awesome, everyone loves it
Do you, that can't be forced
Let nature take it's course

I like when girls kiss girls
Late at night
I like when girls kiss girls
Aint that right
I like when girls kiss girls
Late at night
I like when girls kiss girls
Aint that right

She's sexy I aint mad
Ya'll tryin to impress me
I find that rad
But I got nexy
Girl I'm bad
That's if she lets me
Girl I don't grab
Not to brag
But I'll knock your socks off
I'll be glad to make the three way pop off
They got my hype

Got me right
Got me light
Lets bring fantasies to life
So core
Need little
And a freeze in my mic.
Their my kinda girls
Why be shy
Lets get good
Then nighty night
Ya'll act out
What she think about
Then we all smiles
And she all pouts
I scout, for talent no doubt
Make ladies kiss, twist and shout

I like when girls kiss girls
Late at night
I like when girls kiss girls
Aint that right
I like when girls kiss girls
Late at night
I like when girls kiss girls
Aint that right

To clubs where they tip
To see yall strip
To clubs where they dancing
Know where to sit
You straight from france with that lip lockin
Let a romance meet head
Quit jockin
Out in la la
The nyc
And over seas p-i-m-p's
Gone vibe with me and
Every last disco
Pittsburgh slim
You know how this go

Don't stop do it again
Do it for real girl
Don't pretend now
Don't stop do it again
Do it for real girl
You and your friend

Let me see [that's right]
Let me see [that's right]
Let me see [that's right]

Let me see [that's right]
Let me see [that's right]
Let me see [that's right]
