Here's a story of a girl,
Living in a lonely world,
A hidden note,
A secret crush,
A little boy who talks too much.
Well, I'm standing in the crowd,
And when you smile I check you out,
But you don't even know my name,
You're too busy playing games,
And I want you to know,
If you lose your way,
I won't let you go.

If I cut my hair,
If I change my clothes,
Will you notice me?
If I bite my lip,
If I say hello,
Will you notice me?
What's it gotta take for you to see,
I'll get you to notice me,
I'll get you to notice me.

Got your heart up in the clouds,
Tell me when your comin' down,
No I don't wanna sink your ship,
It's not about the scholarship,
And all the friends that follow you,
Tell you things that just ain't true,
I'm the girl you never see,
I'm the one you really need,
And oh don't get me wrong,
You better make your move,
Before my love is gone,
Tell me

If I cut my hair,
If I change my clothes,
Will you notice me?
If I bite my lip,
If I say hello,

Will you notice me?
What's it gotta take for you too see,
I'll get you to notice me,
I'll get you notice me.

I'm not like the rest,
I just don't care if you're the best,
You see it, it's all the same to me,
You just be who you want to be,
It's all the same to me,
Ohhh don't get me wrong,
You better make your move,
Before my love is gone,
Tell me

If I cut my hair,
If I change my clothes,
Will you notice me?
If I bite my lip,
If I say hello,
Will you notice me
If I cut my hair
If I change my clothes,
Will you notice me?
If I bite my lip,
If I say hello,
Will you notice me?
What's it gotta take for you too see,
I want you to notice me,
I'll get you to notice me...
I'll get you to notice me...
I'll get you to notice me...
