Tinchy Stryder:

Step steadily dealt with reality  
They wonder why we feel so cold bitterly  
Singing from the heart but not one of the was hearing  
me  
Left us in the background, dry, harmony.

Done a bit of dirt now i'm clean take a look at me  
Wasn't overnight nope never happened suddenly  
Finally I think I see bright light dazzle me  
Killed the games heart beat, crime, felony.

And now it's a new day, they snap snap pics  
Alot of them i pose in my new shades  
London night life, they say money can't buy time watch  
cost the whole case.  
You ain't got to rewind time  
Still got my Ruff Squad family ties  
Yeah. from the ground to the sky  
And it wasn't overnight I am cloud 9 Strydes.

Pixie Lott:

Feels like my clock's run out  
Can only see when I'm looking down  
Tryna find a way to get out of this guillotine  
Can't go through another day  
Wishing my whole life away I'm starting to lose my faith  
in reality

This time I've had enough  
I'm putting my hands up  
I hate the way I'm lost in my own city  
Everybody's hustling  
Trying to find where I fit in  
But I know, yeah I know the end is where it begins

Cause the flash lights and the good life  
Keep calling out my name  
And I pray somehow  
Something's gonna change  
Bright lights in the skyline

Won't make me lose my way  
'Cause I know somehow Something's gonna change

So close but still so far  
I figured out what's in my heart  
I took a step out of the dark  
Now I'm on my way  
Moving on to better things  
Cutting off my puppet strings  
To unleash my readied wings  
And fly away

This time I've had enough  
I'm putting my hands up  
Never gonna be feeling lost in my own city, yeah  
There comes a time we all fall down  
And get knocked by London Town  
But i know, yeah i know, that this is where it begins

The flash lights and the good life  
Keep calling out my name  
And I pray somehow  
Something's gonna change  
Bright lights in the skyline  
Won't make me lose my way  
'Cause I know somehow  
Something's gonna change

Oh oh, it's gonna be alright  
Oh oh, were not gonna sleep tonight  
Oh oh, until we see the light  
That brings us home  
Oh oh, it's gonna be alright  
Oh oh, we're gonna touch the sky  
Oh oh, another city light Will guide us home

'Cause the flash lights and the good life  
Keep calling out my name  
And I pray somehow  
Something's gonna change  
Bright lights in the skyline  
Won't make me lose my way  
'Cause I know somehow Something's gonna change  
Oh oh, it's gonna be alright  
Oh oh, we're gonna sleep tonight  
Oh oh, until we see the light  
That brings us home  
Oh oh, it's gonna be alright  
Oh oh, we're gonna touch the sky  
Oh oh, somethings gonna change
