I feel like I am tied up in your love
I hate it but I can't get enough
We play this game again and again
I wonder when this [?] will end
You [?] me make me crazy
I wonder why keep calling you my baby
I kiss you even though you break me down
Dysfunctional
I cannot let go
You got this [?] I lose control
I walk away [?] left the pain
My heart back
You turn me on
You turn around
Every time you let me down
Dysfunctional
Dysfunctional

Sometimes I wish I could walk away
When you leave me [?]
My [?] stress to pretend
Is between you and my closes friend
You [?] make me crazy
I cannot let you go
I keep on praying
That we will be alright
Used to make me cry

[Chorus:]
Dysfunctional
I cannot let go
You got this [?] I lose control
I walk away [?] left the pain
My heart back
You turn me on
You turn around
Every time you let me down
Dysfunctional
