I don't know how to turn it all around
When I feel hopeless
Can't see my way out
Now I'm so low how will I ever get back up
When I am broken
And I've just had enough

Pick up the pieces and I'll put myself back together
Crying it out there's no doubt that this got to get better

[Chorus]
And it's alright
To go in and let you're tears fall down
When everything crashes to the ground
And it's alright
No one ever makes it out alive
Everybody hurts sometimes
T-i-i-i-i-i-i-mes

It's so hard not to let emotion burge
Turn my head upside down on a thread, huhu
Cut me loose so I can stanch fade up again
I feel love is bitter empty space

Pick up the pieces and I'll put myself back together
Crying it out there's no doubt that this got to get better

[Chorus]
And it's alright
To go in and let you're tears fall down
When everything crashes to the ground
And it's alright
No one ever makes it out alive
Everybody hurts sometimes
T-i-i-i-i-i-i-mes
Sometimes
T-i-i-i-i-i-i-mes

So when you're stuck and can't move on
You're allowed to cry, we all get hurt sometimes

And it's alright
To go in and let you're tears fall down
When everything crashes to the ground (no, no, no)
And it's alright

No one ever makes it out alive
Everybody hurts sometimes
T-i-i-i-i-i-i-mes
Sometimes
T-i-i-i-i-i-i-mes

Ooh woow sometimes Ooh
